Dear Mike:

Attached please find a copy of the 2020-2021 summer flounder specifications package, including an Environmental Assessment (EA), Regulatory Impact Review (RIR), and Initial Regulatory Flexibility Analysis (IRFA). This constitutes the Council's formal submission of the 2020-2021 summer flounder commercial and recreational catch limits recommended in March 2019. These limits are identical to the revised 2019 specifications described in an April 2019 Supplemental Information Report. Please call if you have any questions.

Sincerely,

A handwritten signature in black ink, appearing to be "C. Moore", with a long horizontal flourish extending to the right.

Christopher M. Moore
Executive Director
