Dear Ms. Farr:

The responds to Sarah Heil's letter regarding the application for an Exempted Fishing Permit (EFP) requested by Coonamessett Farm Foundation (CFF).

On behalf of the Mid-Atlantic Fishery Management Council, I support the issuance of an Exempted Fishery Permit to the applicant, i.e., CFF. CFF submitted a complete application for an EFP on May 1, 2019. Experimental fishing activity would test a one-way extended link dredge modification to reduce flatfish bycatch and catch of pre-recruit scallops in the scallop dredge fishery. Any modification would comply with existing scallop gear regulations. The EFP must be used in conjunction with a valid compensation fishing letter of authorization issued separately from the proposed EFP.

Please call or write if you have any questions.

Sincerely,

Christopher M. Moore, Ph.D.  
Executive Director
